

SUMMER RESEARCH AGREEMENT FOR PRE-FIRST YEAR STUDENTS

My signature on this form acknowledges that I have read and understood the departmental policy regarding joining of laboratory groups by first year graduate students. My work in a research lab this summer, prior to the start of my first year of graduate school, does not constitute a commitment on my part or on the part of my research advisor to accept me into the laboratory in the fall. I am required to go through the normal laboratory selection process during the fall term. Final decision regarding laboratory placement rests in the hands of the department chair who will make such decisions only after receiving the lab selection documents from all members of the incoming class for a given year.
