

DEGREE CHECKLIST – BACHELOR OF ARTS IN GEOLOGY

Student Name: _____ Access ID: _____ Date: _____

Core Requirements for Geology				
Course #	Course Title	Course Credits	Grade (min. C-)	Term Completed
GEL 1010	Geology: The Science of the Earth (F/W/S)	4		
GEL 1020	Historical Geology (F/W)	4		
GEL 2130	Mineralogy (F)	4		
GEL 3160	Petrology (W)	4		
GEL 3300	Structural Geology (W)	4		
GEL 3400	Sedimentology and Stratigraphy (F)	4		
GEL 3990	(WI) Writing Intensive course in Geology	0		
GEL xxxx	Approved Geology Field Course – <i>see Advisor</i>	2		
Electives in Geology (min. 8 credits) – must be at least a 3000-level course or above				
Elective 1				
Elective 2				
Elective 3				

Cognate Requirements for Geology				
Course #	Course Title	Course Credits	Grade	Term Completed
MAT 1800	Elementary Functions and Trigonometry	4		
<i>Students completing the Bachelor of Arts Degree in Geology must complete at least one college course in two each of the following departments (Biology, Chemistry, and/or Physics):</i>				
BIO xxxx				
CHM xxxx				
PHY xxxx				

(F) = Fall only course; (W) = Winter only course; (S) = Summer only course

Additional Notes

1. Certain courses (e.g., MAT 1800, CHM 1220) may require you to complete prerequisite coursework; see *“Explaining the Cognate Requirements for Geology/Environmental Science”* handout
2. See reverse for typical course sequencing and potential 4-year plan
3. Students must also complete the **University General Education Program**
