**Advising Checklist:** (Please initial next to each item)

- My concerns regarding the psychology major requirements were addressed
- I was referred to appropriate outside resources
- My academic goals, progress, and graduation plans were addressed
- My career goals were discussed

I now have a clear understanding of my psychology major requirements and feel confident with my plan of work

I intend to earn a Bachelor’s Degree with a major in Psychology. I have read and understand the college and departmental requirements. I agree that the responsibility for fulfilling these requirements is mine.
