Major: Biomedical Physics

Minor: Neuroscience

Current Career Plan: Medical Physicist or Neuroscientist

Activities at WSU: Secretary of Honors Service Association, in the Irvin D. Reid Honors College

Research: Working toward publication of an interdisciplinary research paper with the Honors College (mix of philosophy, political science, history, psychology, sociology, etc.). I currently study the brain and perform translational neuroscience research.

Pets: I have a pet rabbit named Snowball

Hobbies: Writing (fiction and nonfiction), playing piano, reading, traveling, volunteer work

Other interesting facts: I have visited 38 different states with the goal of visiting all 50, I volunteer at the DMC Children's Hospital, and this will be my third semester as a peer mentor.
